PROJECT #10-P009

PROJECT NAME: Enns Textile Expansion

Business: 1767023 Ontario Inc.

County: Elgin

Priority Categories Addressed: Manufacturing

Contribution Amount: \$125,000

Board Approved Date: April 27, 2010

Project Summary: This project will retrofit a manufacturing facility to supply textiles for the automotive packaging sector.

Regional Economic Impacts & Benefits: This project will create economic diversification for the business and the local community. Six (6) full time and two (2) part time jobs will be created.

Market Impact Assessment: Plant closures in Southern Ontario have created a market opportunity. Existing customers are seeking new service providers with the ability to produce small custom orders.
